Get what you want.
I feel so tired
Lucky the pressure
See a little owe that you can buy
Lucky Pressure
I'll race with you but i'm tired
Lucky Pressure
They were ahead but they got lost.
Lucky Pressure

Give what you want, I feel zo tired
Lucky Pressure
See what you want and you still want more (lucky
pressure)
Lucky Pressure
Play games with girls instead of fire.
Lucky Pressure
I choose life untill expired.
Lucky Pressure

Chorus:
You're so lucky, stuck and stupid (x 2)

When it comes hard and fast
Spin it round and make them last
Watch this space i'm never still
Stop and Stare I never will

Get mixed but get expired
They raced again and began to tire
See the one that you can buy
One by one and side by side
