Watcha gonna do? (x15)

Can you play that thing like ya do all the time, man?
Can you play that beat like ya do all the time, man?
Can you play that thing like ya do all the time at all?
Oh you wanna change it, change it, change it, change it...
Can you play that thing like ya do all the time, man?
Can you play that beat like ya do all the time, man?
Can you play that thing like ya do all the time at all?
Oh you wanna change it, change it, change it, change it...
