At this time I have the honour to present to you...

DJ...

This is for the DJs...

(This is for the DJs)

Who have been seared in the flames

(This is for the DJs)

To end the long night

(This is for the DJs)

A philosopher of a non-violent system

(This is for the DJs)

DJs...

I am happy to join with you today

In what will go down in history

As the greatest demonstration for freedom in the
history of our nation

The whirlwind for revolt will continue to shake the
foundations of our nation

(This is for the DJs...)

(DJs...)

(This is for the DJs...)

(DJs...)

(This is for the DJs...)

(This is for the DJs...)
