You couldn't believe  
So why did you run  
You couldn't deceived  
So you ch-ch-ch-choke  
You ch-ch-ch-choke  
You chooooooked

You set was clean  
Your eyes looked up at me  
It's not your fault  
You just needed to choke  
You needed to choke  
You just needed to choke

So don't miss me  
When your losing sleep  
With another line  
Another line, this isn't goodbye  
Just make up your mind

You woke up again  
With the sleep in your eyes  
Wondering why you looked hypnotize  
Eyes can't lie  
But your eyes can't lie

Cigarette are all over the ground  
A smiling frown that way  
You let yourself win  
You let yourself lose  
Which one will you choose

So don't miss me  
When your losing sleep  
With another line  
Another line, this isn't goodbye

But don't miss me  
When your losing sleep  
Another line  
Another line  
Another line

So take your ashes and your down  
And don't expect the easy way out  
You thought that we were so naive  
You wore your heart right on your sleeve  
Maybe after this you'll finally breath

So don't miss me  
When your losing sleep  
Another line  
Another line  
This isn't goodbye

So don't miss me  
When your losing sleep  
Another line  
Another line  
Another line
