Visit "[Face The Day](#)" on MotoLyrics.com

Let's face the day like it's our last understanding
We are all alive but don't be naive, yes, you will be
judged
Found guilty or not guilty, it's out of your touch
Just where you are and why you're alive
Just where you are and why you're alive, oh

If you want anything, don't be afraid to be yourself
We aren't Gods here, only humans with a lot of
opinions

Patient when the world doesn't move at the same rate
as you do
Sometimes it's good to be misunderstood
And it's so fulfilling when you find someone who
understands
Who understands you
Just where you are and why you're alive
Just where you are and why you're alive, oh

If you want anything, don't be afraid to be yourself
We aren't Gods here, only humans with a lot of
opinions
If you want anything, don't be afraid to be yourself
We aren't Gods here, only humans with a lot of
opinions
A lot of opinions

Cheers to the world
For all it's ups and downs
I like being a socialized animal, how about you? Yeah
How about you?

If you want anything, don't be afraid to be yourself
We aren't Gods here, only humans with a lot of
opinions
If you want anything, don't be afraid to be yourself
We aren't Gods here, only humans with a lot of
opinions
A lot of opinions

A lot of opinions
