Polly Anne lived an accident life,
She sang and danced with the wrong man.
And when she laughed,
She made everyone cry.
Polly Anne was an accident.
An accident.

Polly Anne.
Oh, Polly Anne.
Polly Anne.
This is the end.

Polly Anne was an accident wife,
She came in last at the pageant.
And when she laughed,
She made all the nuns cry.
Polly Anne.

Polly Anne.
Oh, Polly Anne.
Polly Anne.
This is the end.

Oh, Polly Anne (say something)
Oh, Polly Anne (say anything)
Polly Anne
This is the end
This is the end
Oh, Polly Anne

So you say you want to make an impression:
Say something, say something.
Oh yeah you're going in the wrong direction,
Say something.
Uh-oh, uh-oh.

So you say you want to make an impression:

Say something, say something.
Oh yeah you're going in the wrong direction,
Well say something.
Uh-oh.

Oh, Polly Anne.
Oh, Polly Anne.
Polly Anne.
This is the end.

Oh, Polly Anne (say something)
Oh, Polly Anne (say anything)
Polly Anne.
This is the end.

Polly Anne lived an accident life.
Polly Anne is an accident
