"Embedded In Illusions"

Visit "[Embedded In Illusions](#)" on MotoLyrics.com

My sleep is unreal
My dream is my life
Embedded in illusions
Searching for the answer...
To understand my life
What I see
Is weaved from my heart
Emotions that I never
Felt before
Flames of water
Seas of fire
A darkened sun
And a burning moon
This is a world without hate
This is a world of phantasy
Red painted heaven
White painted ravens
Whispering trees
And burning seas
My sleep is unreal
My dream is my life
Embedded in illusions
Searching for the answer...
To understand my life
