So far away
there is a place
untouched from human hand
saved from all bitterness

I had a vision
I saw the light
I felt the ease
I saw Gaias Masterpiece

Is this the end?
Will I meet my friends?
Life after death
it's my final breath

My life has ceased

Tears are flowing
my heart is bleeding
don't forget me
we will meet again

I had a vision
I saw the light
I felt the ease
I saw Gaias Masterpiece
