There floats a phantom on  
The slums foul air  
Shaping to the eyes  
Which have the gift of seeing  
Nemesis of neglect  
Nemesis of neglect  
Into the spectre  
Of that loathly lair  
Face it  
For your vein is fleeing  
Nemesis of neglect  
Nemesis of neglect  
Red handed ruthless  
Furtive unerrect  
This murderous crime  
The nemesis of neglect  
There floats a phantom on  
The slums foul air  
Shaping to the eyes  
Which have the gift of seeing  
Nemesis of neglect  
Nemesis of neglect  
Into the spectre  
Of that loathly lair  
Face it  
For your vein is fleeing  
Nemesis of neglect  
Nemesis of neglect  
Red handed ruthless  
Furtive unerrect  
This murderous crime  
The nemesis of neglect  
Darkness  
Horror  
Fear  
Insanity
