### VERSE 1

Don't take too long to say  
I love you to the ones you love  
Cause time has a habit of slipping away  
And out on a clear blue sky  
When lightning strikes on a sunny day  
Just take me in and keep me from the rain

### PRE CHORUS

And the words that seem so hard so say  
Come out when you've gone away  
Just stay a little while and hear me say

### CHORUS

That I want you here tonight  
And I need you by my side  
For just one more moment  
For just one more moment with you

### VERSE 2

Turn away to say goodbye  
With each and every word that passes by  
Like a distant memory

And time keeps slipping away  
And time will turn to grey  
And time will be the one who holds you down

### PRE CHORUS

### CHORUS

### BRIDGE

Sometimes time will treat you bad  
Before you even know what's wrong  
And in the end it hits you hard  
Please tell me you'll be strong
