It's getting painful now
It hurts to think about your smiling face
And breathing's just a luxury for me
I can't breathe deeply without you

I hope your friends will keep you safe
I hope you're happy
And you'll think of me while I'm away

You're too good to be out on your own
In the winter, I know
You'll be freezing but I can't get home
And I'm as lonely as the light of the moon
I've been thinking of you
Oh, oh, I'm coming home soon

I drove twelve hours straight
Just to meet you for a dinner date
But you couldn't make time to see me
I understand completely
You've got new friends now

I hope your friends will keep you safe
I hope you're happy and you'll think of me while I'm
away

You're too good to be out on your own
In the winter, I know
You'll be freezing but I can't get home
And I'm as lonely as the light of the moon
I've been thinking of you
Oh, oh, I'm coming home soon

My tears of joy flowed out to see you
couldn't have stopped them if I had to
But you were colder than the night that we were
standing in
That's when I knew that you were somewhere else
I knew, I knew, I knew

You're too good to be out on your own
In the winter, I know

You'll be freezing but I can't get home
And I'm as lonely as the light of the moon
I've been thinking of you
Oh, oh, I'm coming home soon
I'm coming home soon
