There's this guy I know  
He's not doing so well  
And I don't think he'd mind  
If you called just to tell  
Him you love him.  
I think that would help him.

He's been down for days  
And I don't know what to do  
He's been holding his pillow like it's you  
His state's so depressing  
His room smells like crying

And I know,  
He loves you more than breathing  
More than being happy.  
I know,  
He loves you like it's tearing him apart.

There's a guy outside your window  
With a cracked guitar  
And a broken heart  
But I don't think you hear him, though  
I don't think you hear him...  
And he's been going where the wind blows  
He's taken shelter by your house  
But you're not coming out  
My best friend says "Believe"

He walks by your house every night around 12  
Sits a block away- a safe distance  
He dwells on mixed feelings  
He thinks about dying.

He talks to himself, but he's talking to you  
In his head you can hear him like this  
Through the curtains and window  
He bids you good night now.

My best friend says  
Believe in everything that you've got going on  
Just believe in Me!

Just believe in Me!  
And "Need", now there's a word that you can't  
comprehend  
But know it lives with Me!  
Know it lives.

My only friend is a guy outside your window...
