tell a lie thats enough give me a story you made up and
ill forgive you, i don't care what you say you know its
all in your head. ill never get you. And your talking
these things through like you know what you've been
through but theres not a lot of reason in the things
that we believe in so i'll believe in you.

i am on the outside of truth and i'm looking in on you.
but you're staining this town with fighting.
You're staining this town with fighting.
And I'm honest as a photo booth.
I'm just playing off of you,
but you're leaving me fast as lightning.
You're leaving me just to spite me.

And it must be hard living in a castle counting daddy's
money's must be a hassle. probably you cant
divide and i probably should live a lie but I've been
taught that theres more to living life then knowing
scores, i'm proud to say i'm honest, i'm proud to say

i'm right.

i am on the outside of truth and i'm looking in on you.
but you're staining this town with fighting.
You're staining this town with fighting.
And I'm honest as a photo booth.
I'm just playing off of you,
but you're leaving me fast as lightning.
You're leaving me just to spite me.

Time out i don't need this drama and i will take you
back any day, i will take you back, and i am out of
things to argue but i will take you on any day i will
take you on.

i am on the outside of truth and i'm looking in on you.
but you're staining this town with fighting.
You're staining this town with fighting.
And I'm honest as a photo booth.
I'm just playing off of you,
but you're leaving me fast as lightning.

You're leaving me just to spite me.
