(I want to love you  
For what you are)

Put your games away  
I don't wanna play  
Take the pain from your face  
And come my way

Put your trust in me  
And you'll see we'll go far  
I want to love you  
I want to love you  
For what you are

You don't need to lie  
To get through to me  
If you open your eyes  
I'm sure you'll see

I'm in love with you  
And not a movie star  
I want to love you  
I want to love you  
For what you are

It's not fake lashes  
Or loud sunglasses  
That make you attractive to me

But underneath your getup  
Oh, girl, behind your setup  
I see the woman that you could be

So, girl, don't you have  
All that love inside  
Let me know, love me real  
I won't hurt your pride

All you have to do  
Is be what you are  
Lovers must be true  
If their love is to go far

So give yourself to me  
And, girl, you're gonna see  
I want to love you  
I want to love you  
For what you are

I want to love you  
For what you are, woo  
I want to love you, baby  
For what you are, woo
