Say, you, over there Please come here Say, you, over there Don't be afraid

Say, you, over there My name is Ronnie I think you're Gonna be my girl

Tonight, mister moon Shines his light Tonight, be mine Let me hold you tight

Tonight your lips Glisten so bright I think you're Gonna be my girl

I know we're strangers From different places And it doesn't seem right at all But when I saw your angel face I couldn't help but call

Say, you, you are The one for me Say, you I'll treat you tenderly

Say, you Oh, this just had to be I think you're Gonna be my girl

My girl (Say, you are my girl)
