I am a stone cold rocker  
With his flames in my eyes  
A bloody motherfucker  
Who can't take no more lies  
I kill just by the way that I feel  
My head is up high  
Never will I kneel  
I am a hater

I was born to fight in a daily combat  
But I found my way to a better day  
All that you give will be all that you get  
This time it is too late for regret

Were you born to fight a daily combat  
I have found a way to a better day  
All that you that give will all that you get  
This time it is too late for regret

The cause for this war  
Is hard to realize  
I know that you can't take it  
Your silence means demise  
My thrill will be your overkill  
Bad luck to the world of fuck

I am a hater

You don't know how I feel inside of me  
You don't know how it feels to be free  
You are just a lifeless shell  
So worse, even life can tell
