I still love you
Just like I did before
But before you smile
And walk through that door

Now listen
I don't wanna cry, no
I don't wanna cry no more
No, darling, no more

You come and go
Just like the morning sun
I was so serious
You were having fun

Now hear me
I don't wanna cry, no
I don't wanna cry no more
No, little girl, no more

Welcome to my lips
Welcome to my charms
Welcome to my, my
My sweet heart, yes, yes

Welcome to every little thing
I have to offer you
So why don't you come on
And just take it, take it
Take anymore

Nevermore
I'm begging you please
If you'll just, you'll just
Come on home to me
I want you near me

I don't wanna cry, no
I don't wanna cry no more
No, darling, no more

Walk on in, oh

Walk on in
Baby, baby, baby
Walk right in in

Oh, open up the door
Please, just open up the door...
