If you let me make love to you  
Then why can't I touch you  
If you let me make love to you  
Then why can't I touch you

I'm not saying I want to change you  
I don't want to rearrange you

If you let me make love to you  
Then why can't I touch you

From the very first moment I saw you  
It's been a different world  
From the very first moment I saw you  
It's been such a different world

I seem to be a little bit stronger  
Each moment seems just a  
Little, little bit longer

The missing links and little kinks  
Have never been found and uncurled

But you're still the same  
You're like a frozen flame  
Well, it sure seems a shame  
That you let me make love to you  
But you won't let me touch you

When I leave you  
I'm going someplace  
That I've never been before  
When I leave you  
I'm going someplace  
That I've never been before

Oh, reach out and touch me  
Why don't you reach out  
And touch me

If you let me make love to you

Then why can't I touch you  
If you let me make love to you  
Then why, why can't I touch you
