Well it's long hot road, I've been a bug
Through the day they took your soul
I've looked high and low for water, but it's not there.
No-no!

And all the promises of Spring-Time,
Turn to lies, so cold
But I'm stronger than you know
And I've come to let you know

Go eat your heart out!
You've been a bad bad girl
You've been hungry all your life,
So eat it out!

I've been afraid to learn your blocked up way
Inside the velvet tip
It don't matter at all
Somethings can grow without the legs, alright!

It's feeling caved, it's for her pleasure
We'll be changed to hold the prize
Magic moments weave a tether
All on fire, and then he dies

Eat your heart out!
You've been a bad, bad girl
You've been hungry all your life, yeah!

We speed across emotion
And then we lose our hope
We turn our meals of passion
That we can't control, oh!

And all the promises of Spring-Time
Turn to lies, so cold
But I'm stronger than you know
And I've come to let you know!

Go eat your heart out
You've been a bad, bad girl

You've been hungry all of your life
So eat your heart out

Eat your heart out
You've been a bad, bad girl
You've been hungry all of your life
So eat it out!

Eat your heart out
Right to the shell you can hide
Eat your heart out
