Lately when my demons drag the night across my eyes  
I just can't seem to fight it anymore  
Yield unto temptation and be ruler of the world  
But it seems that I have heard that song before

And the voices begin to sing - Come home

I have seen some evil as I've walked upon the earth  
But this is way beyond what eyes can see  
Wicked is as wicked does and if I lose control  
Is this the way that hell is gonna be

Have I fallen too far to rise  
Been burning too long in the fire  
Then it all falls down - Tearing the night away

It must be - Fever dreams  
Fever dreams  
Fever dreams

Now before my demons roll the night across my eyes  
I tremble as I wait perhaps to sin  
Yield unto temptation and be ruler of the world  
And all I do is let the beast come in

Have I fallen too far to rise  
I've been standing too long in the fire  
Let it all fall down  
Tearing the night away

It must be - Fever dreams  
From the outside - Fever dreams  
Oh, fever dreams  
Fever dreams  
Ooh-ooh

Fever dreams  
Fever dreams  
Fever dreams  
Fever dreams  
Fever dreams
