Whoa, chills and fever
Whoa, chills and fever
Oh, chills and fever
Chills and fever, don't you give to me.

When you hold my hand,
Tell me that I'm your lovin' man
Kiss me and squeeze me tight,
Tell me, babe, you want to love all night.

I get, whoa, chills and fever
Whoa, chills and fever
Oh, chills and fever,
Chills and fever don't you give to me.

When it's late at night
And, and when you hold me tight
Tell me that you love me so
That you'll never ever ever let me go.

I get, whoa, chills and fever
Whoa, chills and fever
Oh, chills and fever,
Chills and fever don't you give to me.

(Instrumental break)

You call me late at night
And I'll come running, rain or shine.
Tell you that I love you so
And I'll never ever ever let you go.

I get, whoa, chills and fever
Whoa, chills and fever
Oh, chills and fever,
Chills and fever don't you give to me.

Oh, whoa, oh, yes, chills and fever, baby,
Um hum...
