[Lead: Ideberg]

The beauty of your escaping soul  
Behold my true distress  
Your naked mind is barely existing  
I have dreams you could never imagine  
Explore your forbidden defiance  
See the realm of temptation  
Knowing anger  
Will betray me  
Disconnected  
From all feelings  
The chase for my existence  
Centuries has passed me by  
Suffering has now a face  
It'll free me from my future  
You have your whole life behind you now  
Depravity, is what you'll find  
I am blind to the darkness in myself  
No longer able to control my urges  
You have to accept your destiny  
Feel the lack of compassion  
Knowing anger  
Will betray me  
Disconnected  
From all feelings
