Try to find the right reason to go on pleasure or fear?  
All these wounds I created will they be surpassed?  
Is there a way to finish my work of art?  
Will I find the pieces to accomplish my work?

When I'm prisoned there is nothing but time  
Carefully plan my next exhibition of flesh  
Resurrect the sadistic creature within  
Rise from the ashes of humiliation

I might be limited in here  
But my mind is outside  
Harvesting the souls of the weak  
Get rid of this human waste

I'm knowing the position where I control my own  
universe  
Bow before me your superiority  
I stand above this aboullic breed  
I free them from their meaningless lives

They have to be avenged for ignoring their existence  
Not having visions of their own  
I'm insulted for being part of a species  
That doesn't strive for it's maximum capacity

I might be limited in here  
But my mind is outside  
Harvesting the souls of the weak  
Get rid of this human waste

You seek remorse but you've encountered the wrong  
one  
Time to fulfill this mission of demonic art

Time to fulfill this mission of demonic art
