Emotions crucified from the beginning of time  
Condemned, not knowing what's my crime  
The dreams that ever grew in my mind  
Has risen to hatred beyond mankind

Obsessed thoughts are choking me  
No one else will ever see  
So alone, so cut off, so lost  
Have to be free, whatever it will cost

I'm falling below mental darkness  
The demons taking control over my head  
Won't ever leave me until I'm dead  
Insanity eating me from inside  
Nowhere to go, now here to hide

I'm forced to give vent to the rage  
That has grown in me since early age

Blinded by obstructed imagination  
My conscious is reaching the twilight  
Erasing the difference between wrong and right  
You don't see what I see  
Frenetic visions that will never set me free

My world will never be like yours  
Greedy lust took me off the course  
Trapped in a sadistic desire  
That burns my mind like fire

Frustrated by darkness devouring my past  
Only the terrifying memories will last

I'm falling below mental darkness  
The demons taking control over my head  
Won't ever leave me until I'm dead  
Insanity eating me from inside  
Nowhere to go, now here to hide

If you could hear what I hear  
You would join me in this world of fear  
Haunted by pleased and furious screams

Not knowing if it's reality or dreams
