Hear an old coyote howling at the moon  
Feeling feelings he don't understand  
Holly hunger you can turn into a tune  
Chase away the darkness if you can

I say why wanna go and do a thing like that for?  
Just when everything was going so well  
I think you thought that that was all fitful  
Kicking me from heaven straight to hell

Why'd you have to go and do a thing like that for?  
Just when everything was going so well  
You hung me on the line and you wasted my time  
Kicking me from heaven straight to hell

Guarantee is all I ever wanted  
Holly fire is what I need  
I take honesty for granted  
I get wounded and I bleed

Why'd you have to go and do a thing like that for?  
Just when everything was going so well  
Why'd you have to go and do a thing like that for?  
Kicking me from heaven way to hell

I say why have to go and do a thing like that for?  
Just when everything was going so well  
I guess you thought that that was all I was fitful  
Kicking me from heaven straight to hell

I hear an old coyote howling at the moon  
Feeling feelings he don't understand  
Holly hunger he can turn into a tune  
Chase away the darkness from the man

I say why have to go and do a thing like that for?  
Just when everything was going so well  
You hung me on the line and you wasted my time  
Kicking me from heaven way to hell
