Blessed by the fall of another the rise to the top won't
be long
The plot of a saint going under the minions will laugh
as he crawls

Deemed the leader of a way ward cult puppet master
with a hand of fault
Broken fingers lead a soul to no where

Delirium
He suffers in silence
Delirium
He clings to his life
Delirium
There's some one behind him
Delirium
But there's no one in sight
Burned by the fork of the devil he creeps through this
life with a scar
Raping the world under cover he says he doesn't
mean harm
Evil is as evil does it's a friend your favorite son
Let the chains that bind him come undone

Delirium
He suffers in silence
Delirium
He clings to his life
Delirium
There's some one behind him
Delirium
But there's no one in sight
