No I'm not a sinner, when I was born
I'm a son comes from great family
Who always encouraging me, supporting me
This is what they called sacrificing

In now twenty five
My name is sinner, I'm a dreamer
Who always fight for GOD forbiddens
GOD has no mercy on me...

Oh please GOD
I have only one wish before I die
Please forgive me, give mercy on me
Please forgive me

Oh please GOD
I have only one wish before I die
Please forgive me, give mercy on me
In my last breath

Now I'm living in the vicious circle
Never find my way out, suffering by the hands of the
devil
Every night was always to wild, it's like no more
tomorrow
The glamour bring me into the sorrow
Even the worst effect from all this
Made forgot how to say Istigfar...

God please forgive me
I'm not a sinner nor a hater
I'm not a sinner nor a hater

In now twenty five
My name is sinner, I'm a dreamer
Who always fight for GOD forbiddens
GOD has no mercy on me...

Oh please GOD
I have only one wish before I die
Please forgive me, give mercy on me
Please forgive me

Oh please GOD
I have only one wish before I die
Please forgive me, give mercy on me
In my last breath

Oh GOD...
Please forgive me
Oh GOD...
Give me mercy
Oh GOD
Please forgive me
In My last breathe...

Oh please GOD
I have only one wish before I die
Please forgive me, give mercy on me
Please forgive me

Oh please GOD
I have only one wish before I die
Please forgive me, give mercy on me
In my last breath

Oh please GOD
I have only one wish before I die
Please forgive me, give mercy on me

Please forgive me
Give mercy... Give mercy on me
In my last breathe...
