The reason I stay in this moment
I respect in the name of trust
The chemistry, the look, the eyes inside your heart
You might say
I've to got to find the chance to prove the unnoticed
feeling
However, you are gone away, you've been running
away from me...

I rather turned back the time in my first spot
No heart feeling no bleeding no more dying
I rather turned back the time in my first spot
No heart feeling no bleeding no more dying

Today is the future that opens my eyes
The truth of everything answered in white lies
I wish I could rewind the time, back on my first spot
So I could stabbed you with my knife
Just like you did to me...

I rather turned back the time in my first spot
No heart feeling no bleeding no more dying
I rather turned back the time in my first spot
No heart feeling no bleeding no more dying

If I could rewind
If I could rewind
I wish I could rewind
I wish I could rewind
Yeah

Keep on dancing (dance on my pain)
You are the dancing queen
Just keep on dancing (dance on my pain)
You are the dancing queen
Woooo

I rather turned back the time in my first spot
No heart feeling no bleeding no more dying
I rather turned back the time in my first spot
No heart feeling no bleeding no more dying
