Take off your mask then dance with me  
Your dancing motions are seducing me baby  
It's hypnotized  
My eyes been blinded, oh my God I can't even barely  
stand it  
Act like you are queen from the dancing scenes  
But I know who you are you're just too obscene  
Oh baby baby your brain is empty  
Your weapon it's only your beauty

Spinning round... Spinning round  
Under the disco ball, you move against the wall  
One two three your body for free  
The curse of dancing queen...

One  
Keep it on spinning on the dance floor

Two  
Don't try to hide from me

Three  
Your body says for free

Four  
Play the music and back to the top

You keep on dancing  
The beat is never ending  
Your face pretending  
Inside your brain is confusing  
Two steps to the left you're dancing queen  
Two steps to right you're just a mannequin  
It's overwhelming and it's really breath taking  
You tried to killing me on the dance floor ( no no)  
You said "you follow me and dance with me"  
I said "no baby no just stay away from me"...

Yeah keep it spinning round, on the dance floor  
Yeah

I'll keep you spinning round

Spinning round... on the dance floor  
Don't try to hide from me

Just spinning round  
Keep spinning on the dance floor

One  
Keep it on spinning on the dance floor

Two  
Don't try to hide from me

Three  
Your body says for free

Four  
Play the music and back to the top

Spinning round... Spinning round  
Under the disco ball, you move against the wall  
One two three your body for free  
The curse of dancing queen...

Spinning round... Spinning round  
Under the disco ball, you move against the wall  
One two three your body for free  
The curse of dancing queen...
