

Room Eleven

"I Wanna Be Your"

Visit "[I Wanna Be Your](#)" on MotoLyrics.com

I wanna be your TV

Then you would know exactly how to turn me on

With my remote control

'Cause you'd know the functions of all my buttons

'Cause I've seen you doing it!

And oh, I'd love to be your shower in the morning

Or the blankets on your bed

I would keep you warm all night

But most of all, I wanne be...

I wanne be your guitar!

Then you would know exactly how to tune me,

When I am screaming only blue notes!

You'd know where to put your fingers 'cause I've seen
you doing it!

Together we'd write a song and travel around the world

To find people who'd sing along... lalalalalaaa
