I tried to be new
I tried to be original
But I'm still invisible

I tried to be free
Infinite independent
But I don't seem to go anywhere

What is the solution?
I don't know what it is
Should I look for more, or is this all there is?
I don't know, I don't know

I tried to be you
Pretty smart and confident
But nothing I do looks like you

I tried to be me
Oh I tried to be real
But nothing I say or do
Comes close to what I really am

Please tell me...

I guess so...
