She uses to sleep with the lights on  
She's not so happy, feels not secure  
Feels like she's waiting for something to change  
Something she's been dreaming for a while  
She lights a match, drops and wait for  
Something she's been dreaming for a while

Now everything she wants  
Seemed to hide behind  
Her smile and her eyes  
And I'm locked down here  
Remembering our goodbyes  
"Will you call back?"  
That's what she's praying for  
Could she ever know  
That I'm locked down here  
Remembering our goodbyes

She lights a match, drops and wait for  
Something she's been dreaming for a while  
As the flames start to embrace us  
Words cloud our minds with waves of regret
