Guide me  
Comfort me  
Into this emptiness  
Into this void that's consuming us

Time kills  
Stands so still  
Into this emptiness  
Into the fire...

Cross the farther side of heaven  
"How are you feelin' now?"  
Hoarsely will you speak...

If you died right now you  
Know that I would die too  
(I'd die too)  
All I've left to give you  
My own life without you  
Nothing 'll never part us  
Never

Guide me  
Comfort me  
This hope that you've concealed  
But I would rather have you forget it

Being  
Constantly  
In flight from what I've done  
It is a spiral
