Mellifluous lily white  
The gift that's yours my breath of life  
Just like the night needs the daylight to survive  
You are the strength of my mind  
And gladden my heart  
With an aura so mighty

All summer's beauty is gone

And leaves are falling of the trees  
My thoughts are just 'bout this grievous memories  
Wand'ring in light-hearted times  
When you captured my soul  
With an aura so mighty

Fears creeping - If your foe is as mighty as time is  
This soulitude - Pain I can't deny  
Eyes weeping - When you still can remember the first  
kiss  
Hours passing by - Night blackens the sky

A dull black fills my mind

As deep red trickles melting snow  
But if my kisses couldn't hold you, oh I know  
My tears can not at all  
My suff'ring and crying goes on  
But it can not at all
