[Linhares/Santiago/Galuf/Mundim]

I enter this arena ready to kill  
I'm thirsty urging for blood  
And thrust my sword into other man flesh  
Inviting him to the unknown

In every man's fall I can hear a scream  
Echoing out in the air  
Voices of many are calling for me  
Maximus the Spaniard

I can feel the despair in the action  
No matter they try  
Killing the fields  
Burning all through the nation  
I will ride I will take them high

Hold the line stay with me  
What we do in life echoes into eternity  
Patres, Roma Victor  
Patres, Unleash Hell

Companions of battle I summon thee  
To compel the barbarian hordes  
We brave shall face the Elysium Fields  
Imagine it and it will be so

As long as I walk through these quiet wheat fields  
I think of her Spanish eyes  
I long for my home upon Trujillo hills  
I long for the eyes of my child

Now it's the right time to hail all the heroes  
Of Roman Empire  
Caesar waits for you all in this battle  
For the will of SPQR (\*)

Hold the line stay with me  
What we do in life echoes into eternity  
Patres, Roma Victor

Patres, Unleash Hell

[(\*) Senatus Popolusque Romanus (For the Senate and  
People of Rome)]
