I told you before
I'm not looking for someone to hold me
I take you around off my back
The weight is making me heavy

I don't like public affection
It belongs in the bedroom
Well, I don't wanna run around
I got plans in the afternoon

What did you expect?
Well, I told you from the start
That I'm not your boyfriend

All the hope, all the pain
All the tears you will cry
Every laugh, every kiss
Every time I lie

Well, I'm not what you think
Or dreamed of
It's all in your head

You need somebody nice
Someone with patience
And a big, fat wallet to pay
For all your expenses, whoa

No copper mint
Will ever make a dent in your rise
You're impossible to please
Even with surprises

I could never say
All the things you need to hear
Well, there aren't enough words that fit

All the hope, all the pain
All the tears you will cry
Every laugh, every kiss
Every time I lie

Well, I'm not what you think
Or dreamed of
It's all in your head
All in your head

Wake up, you have to see
You can't go on this way
If you could raise it high
It's not real, it's all in your head

What did you expect?
I done told you from the start
That I'm not your boyfriend

All the hope, all the pain
All the tears you will cry
Every laugh, every kiss
Every time I lie

Well, I'm not what you think
Or dreamed of
It's all in your head
All in your head

It's all in your head
All in your head
