He is a man on a mission  
In armor of high tech ammunition  
Trapped on the edge of an endless game  
His teenage life will never be the same  
In a dangerous world he does all he can

He's Iron Man  
Iron Man

The heart of his power is within him  
No force will make him give in  
When he's backed into a corner of uncertainty

He takes the heat to next degree  
He's more than a hero believe what you see

He's Iron Man  
Iron Man

He's Iron Man  
Iron Man  
Iron Man
