The colors have built up in my mind  
They're bleeding through my heart  
Well, no body knows that they exist  
Look at my bursting viens  
Now do you see the red in me  
It's a sign for the end

Only the ends of the red...  
Will show you my blueside...  
(x2)

Well I've been given my brush and plate  
But where will I paint my life?  
And will the buyer in the sky  
Believe in what I dream?  
And it's so hard for me to explain  
What I will miss to myself

Only the ends of the red...  
Will show you my blue side...  
Only the ends of the red...

Only the ends of the red...  
Will show you my blue side...  
(5x)
