I'm so afraid to leave the house
I want it all, but don't know where to start
Well, I'm no good, yeah, I'm no good
So I'm giving up, I'm giving up

[Chorus]

Don't look at me, I'm a tragedy
Don't look at me, don't want your sympathy
Don't look at me, I can read your face
Don't look at me 'cause I'm a disgrace

I need a job (I need a job)
I never work (I never work)
I sit around (I sit around)
I feel like such a jerk (Like such a jerk)
Well, I'm getting old, I'm getting old

So I'm giving up, I'm giving up

[Chorus]

How can I change when you don't know my name?
How can I live when I've got nothing to give?
If I disappeared, would you even care?
If I take your advice, I'm just a sacrifice

Oh, you see...

[Chorus]
