She doesn't have the answer yet
The answer yet
I'm breathing down her neck
Maybe i should give her time

If it were up to me
She would know that
She'll be the one
When i'm dead will use my bed
And she'll spend her life
Thinking of us and making a fuss
If it were up to me
She would know that

Our love (our love)
Is the best love (best love)
If it were up to me
Yes, our love (our love)
Is real love
So just let it be

I want you to know
I've done our charts and it says
That we work as one
Like the jackson 5 and the temptations
If it were up to me
She would know that

Our love (our love)
Is the best love (best love)
If it were up to me
Yes, our love (our love)
Is real love

So just let it be

Well, your mother likes my smile
And your father likes my lifestyle
Should i ask them what i asked you
To get the answer
Yes, to get the answer

It's easy (easy)
It's easy (easy)
It's easy (easy)
Oh it's easy (easy)

Your mother likes my smile
And your father likes my lifestyle
Should i ask them what i asked you
To get the answer
Yes, to get the answer

Cause our love (our love)
Is the best love (best love)
If it were up to me
Yes, our love (our love)
Oh, is real love
So just let it be

Its easy (easy)
Its easy (easy)
Its easy
