oh what a day

i hadnt met you
from what i heard i thought i had
sorry to dissapoint you
i wasnt all that interested
but when you left that ten minute message
i felt i knew you less and less
you dont play games
you make mistakes

oh what a day
oh oh what a day
i cant stop thinking of you

i wasnt looking
for the right things
a week straight playing phone tag

how could we ever last
i like the problems
tell me about your psychiatrist
tell me whats wrong
please make mistakes

oh what a day
oh oh what a day
i cant stop thinking of you
i like whats wrong with you
