Have i seen your face before?
Caught a glimpse then hit floor
Moving backwards, can't let go
Maybe it was just a taste
Forgotten flavour that i can't replace
Taking me back

One last time

Everything moves so fast
Why won't this moment last?
And carry on till, all that's around us
Explodes into nothing
Nothing but you and me

Floating weightless in the void
Just the whisper of you voice
Washing over holding me
Can you stand and talk a while
Thought that i'd forgotten how to smile
Taking me back

One last time
Your hand in mine

Everything moves so fast
Why won't this moment last?
And carry on till, all that's around us
Explodes into nothing
Nothing but you and me

Yeah
I can't find the time to try
For me tomorrow burns away and melts into today
In your eyes i can hide
I'm just losing time

Have i seen your face today
Caught a glimpse then hit the floor
You taking me back

Everything moves so fast
Why won't this moment last?
And carry on till, all that's around us
Explodes into nothing
Nothing but you and me
(x2)
