One Of Those Days

V1:

It feels like one of those days
Giving nothing away
You leave me hanging on the wire
It feels like you're aiming for me
You explode with fists of fury
Like you used to with desire

Chorus:

And I'm giving you everything
You'll never give up and I'll never give in
Just try to see the brighter side
And open your eyes
Now I'm ready to jump back in
Nothing has changed it's just one of those days!

V2:

I don't know where you get off
I can't see how we got lost
Every ball we ever had has been dropped
Feels like your angry at me you expose your tongue of
fury
I'm standing in the line of fire

M8:

Take and give means compromise
Too many bruises we can't hide
From all the fights and wasted time
I'm drawing the line
It feels like one of those days
Giving it all away like we used to
