Those lonely years that I keep adding to
30, 31 and 32
The years come the years go
But I know I know
I'm not too old for you

Wait a minute pretty baby
You say that I'm too old for you
Wait a minute pretty baby
You say that I'm too old for you
But I'm just a lonely man
And you're still in high school

I know you're so very young
I don't want to come on like Mighy Joe Young
But I know it's love baby, it's not infatuation
You're the one to steal my heart

When you turn 17, I'll just be 32
When you turn 17, I'll just be 32
I'm just a lonely man
And you're still in high school

Those lonely years that I keep adding to
30, 31 and 32
The years come the years go
But I know I know I know
I'm not too old for you

I know we're perfect for each other baby, we're a
matched set
Just right for you baby, just right for you
So foxy baby, so foxy
Play with my heart like it's silly putty baby
Step on my love and drop it like an egg into the carpet
