[Part One]

[Black Thought]

\*Background\*

Is this fast or normal speed?

Yea, knawsayin?, yea, Table of Contents

Fuckin wit it, one two, it's the Table of Contents, come on (2x)

Uh yea, uh huh, yo

Check it out, you're now intuned to the sounds of the  
R to the, double-O to the, T-S and I stretch limit to this  
profession

My voice physically fit, tracks I'm bench-pressing

The mic chord is an extension of my intestine

Delicate MC's sliced in my delicatessan

My mind state is that of the S-P

Connection, Pennsy a part of me, South Philly through  
my arteries

Thought the dark one, fearsome, slump son

My vocal just a knuckle that sucker punched the drum

Hip-hop yo that's my hustle and it kill a kingdom

That Fall Apart to drastic propor-tion

Lost ones out there, you better stand clear

The Fifth Dynasty, it be a world premier

Cuttin through like attorneys at law that's car chasin

You star gazing, the force y'all facin is the

R-to the, double-O to the, T-S an'

Y'all niggaz in the mix, keep guessin

The world traveller in the flesh without question

Last seven years on tour without restin

Yo the kind of rapper you should reconsider testin

Supreme simply, o-fficial Dundee

What I bring'll motivate to move your whole country

Throw your hands up if y'all want me to proceed wit

And carry out strategic plans to leave wit

The title that I'm watchin, Roots we run-ting

My Dundee atire for MC hunting

Step up and out the ring

Y'all niggaz on some other, y'all loud as Don King

But wine drink within the danger zone lounging

You need to be more aware of your surroundings

Reality at times is astounding enough to get your heart  
pounding  
It's safe to assume, in all confidence  
That I'm one of the illest in the seven continents  
Yo, you on my dick, thanks for the compliments  
You be fucked up by my Table of Contents \*begins  
fading\*  
Bad Lieutenant, you I been rhymin since  
The fuckin past tense, fuck no delayin  
Or playin taking your wing way back in the day of yo  
Motherfuckin mind
