Man you want to talk about a horrifying past
But don't judge me incapable of looking less
Ask around you'll find out what a fool I've been
They'll tell you that I got a heart as black as sin

What's another name for nothing left to lose
I'll rip your head clean off although my heel you burrs
What's another name for my insanity
What's another name for me
Satan
You me us
Satan
You me us
Satan

Skeletons in my closet secrets in my pocket
A record that could keep on playing all night long
I've been accused of lies and steeling, drugs and dirty
dealin'
Womanize and hypnotize and everythings that wrong

What's another name for nothing left to lose
I'll rip your head clean off although my heel you burrs
What's another name for my insanity
What's another name for me
It's Satan
You me us
Satan
You me us
Satan
