Somber with your hands by your side
Constrict me with your eyes defenseless
This is just a common misconception of the opposition
If this is what you want, a war
These protons draining my atmosphere
YouÂ'll never take me alive
Unless you wanna

There are jet streams in the airwaves In the mouth of an avalanche

Still waiting for your answer
Waiting for the ship to leave the ground
Captain calling mayday
Search this quadrant for the astronaut

Still waiting for your answer
Waiting for the ship to leave the ground
Captain calling mayday
Search this quadrant for the astronaut

Somber with your hands by your side
Constrict me with your eyes defenseless
This is just a common misconception of the opposition
If this is what you want, a war
These protons draining my atmosphere
The grass is always greener on the other side of man

ThereÂ's jet streams in the airwaves In the mouth of an avalanche

Still waiting for your answer Waiting for the ship to leave the ground Captain calling mayday Search this quadrant for the astronaut

Still waiting for your answer Waiting for the ship to leave the ground Captain calling mayday Search this quadrant for the astronaut

Cockpit breathe fire

Life signs are fading out Cockpit breathe fire Life signs are fading out Cockpit breathe fire Life signs are fading out Cockpit breathe fire Life signs are fading out TheyÂ're fading out

Hey boy where did you come from? Hey boy where did you go? Hey boy where did you come from? Hey boy where did you come from? Hey boy where did you go? Hey boy where did you come from? Hey boy where did you go?

Still waiting for your answer
Waiting for the ship to leave the ground
Captain calling mayday
Search this quadrant for the astronaut

Still waiting for your answer
Waiting for the ship to leave the ground
Captain calling mayday
