Everyday's inspiration to further my cause  
Hence the cause to all my problems  
You're the chief accessory in this  
I vouch to make another sandwich  
Minutes lost in a clock that's torn by the seams  
The rest is leaking out my pockets  
Small creatures springing out from the bed  
I get the notion that they're friendly

We don't need no friends  
We're doing all right  
They will never understand  
Why I'm keeping you around  
(so how you feeling?  
ALRIGHT!)

Objects scatter all over the floor  
Such an intricate collection  
Notebook of scripture like a parade  
It's Full of little flying numbers  
A man said sharply take this all away  
This shit is causing new distractions  
A Lesson here, boy, if you listen to him  
He's going to get you into trouble  
Hey, the doctor knows what's best for me  
He's going to save me from myself

We don't need no friends  
We're doing all right  
They will never understand  
Why I'm keeping you around

We don't need no friends  
We're doing all right  
They will never understand  
Why I'm keeping you around

The radio's busted - non-operational  
Felt this way for years  
And there's nothing you can do that's going to  
change my mind  
The radio's busted - non-operational

Iâ€™ve felt this way for years  
And thereâ€™s nothing you can do thatâ€™s going to  
change me

Hey, I know I know whatâ€™s best for me  
Iâ€™m going to save myself the way I should have long  
before you came  
Hey, the doctor knows whatâ€™s best for me  
Heâ€™s going to save me from myself

Hey, I know I know whatâ€™s best for me  
Iâ€™m going to save myself the way I should  
Hey, the doctor knows whatâ€™s best for me  
Heâ€™s going to save me from myself

We donâ€™t need no friends  
Weâ€™re doing all right  
They will never understand  
Why Iâ€™m keeping you around

We donâ€™t need no friends  
Weâ€™re doing all right  
They will never understand  
Why Iâ€™m keeping you around
