People talk about her like she was a diamond on the shelf.

People talk about her like she was a diamond on the shelf.

Well, I got 20/20 vision, I can see that for myself.

I got a high steppin' baby, you know she's really about as good as gold.

I got a high steppin' baby, you know she's really good as gold.

She can make my Grandpa, feel like he's six years old.

I got 20/20 vision, and that's all I need.

Enough to keep my baby here by me.

Oooh...whooh...

You know my little baby, she buzz around like a bumble bee.

Well, you know my little baby, she buzz like a bumble bee.

And I won't complain if she comes around here and stings me.

Sting me!

I got 20/20 vision, and that's all I need.

Enough to keep my baby good company.

Yeah...oooh...whooh...

You know my little baby, I'd recognize her anywhere.

If I seen her in a crowd, I'd recognize her anywhere.

She can even make my Grandpa, get up out of his wheelchair.

All the boys hang around her, she says she don't love no one else.

All the boys hang around, she says she don't love no one else.

Well, I got 20/20 vision, I can see that for myself.

I got 20/20 vision, I can see that for myself.

Take me home...
