Should've learnt my lesson
Long long time ago
Should've learnt my lesson
Long long time ago
Bored like a mule
I've always learnt my lesson slow

Should have listened
Taken my friends advice
Should have listened
To my best friends and to my eyes
They said "you must be prepared to lose"
If you choose to chance the dice

Well i'm feeling
About as tired as a bad pair of shoes
When you don't fit
Then you know it's time to move
But if you had my troubles you'd be cryin too

My first mistake
Was when i thought that you'd be true
My first mistake
Was when i thought that you'd be true
Now i realise that was a foolish thing to do
